

Westwood Scout Troop had a busy summer term last year with lots of fires and outdoors survival skills, and family camp . We had a trip to Garthdee to brush up on out skiing skills. Before the summer break we also went fishing at Raemoir and caught plenty of Trout. We also did laser-tag which was expensive but great fun for the scouts. After summer was more outside navigation and emergency aid which seen us get another challenge badge. Later that term seen us jumping mad at the trampoline park in Inverurie something all the scouts loved.

We celebrated Halloween with fireworks, and just before Xmas we visited a Buddhist Temple learning about different faiths this went down really well with the monk being bombarded with questions from the scouts. We held our Xmas party and made a visit to the climbing wall at RGU before breaking for the holidays.

In January we celebrated Chinese New Year and cooked noodles and other things trying different foods. Sticking to foods we of course did pancakes which the scouts always love. We had an artist visit us in February showing us different painting technics. Did archery and Tomahawk throwing before Easter came where we played Easter games.

We are always looking for programme visitors, and assistant leaders. All in All an action packed year!
